Dear Parents / Guardians

Making the transition to College - A look into Subject and Career Choices

It is my pleasure to invite you to our college for an **optional** talk on Subject Combination choices on **17 Jan 2018 at 6.30 pm**. There is no need to attend this talk if both you and your child have discussed and are very clear about the subject combination choice. The purpose of this talk is to provide information on subject combinations and answer any questions that parents may have on the options. Choosing the right subject combination will definitely smoothen the way for your child as he/she starts his/her journey in the college section.

The programme consists of a briefing about the available subject combinations and the processes involved in the selection exercise. There will also be a presentation on how your child can make a choice based on his/her career aspirations and strengths. At the end of the presentation, there will be opportunities for parents to speak to academic key personnel personally about any queries you may have.

Details of the briefing are as follows:

Date: 17 January 2018
Time: 6.30 pm – 8.00 pm
Venue: College Section Auditorium (Audi)
