B. Subject Requirements

1. Students must offer **at least 4 content based subjects**, 3 of which have to be at H2 level. The norm for most JC students is to offer 3 H2 and 1 H1 content based subjects. **At least one of the content based subjects must be of a *contrasting* discipline.**
2. A **contrasting** subject is a content based subject taken outside a student's main area of specialization. The contrasting subject that all students are required to take can be offered at H1 or H2 level. The subject **KI is a contrasting subject for both the Humanities & Arts, and Mathematics & Science**. For example, students doing 3 H2 Math/Science subjects could offer H1 History as a contrasting subject.
3. **All students must also offer GP, PW and MTL at H1 level.** Students may offer KI in lieu of GP.
4. H3 subjects are offered to students who are exceptionally strong and wish to pursue a subject or area in which they have the interest and aptitude. Students offering H3 subject must be prepared to manage a workload beyond the normal subject combination. To read a H3 subject, students **must be offering the same subject at the H2 level**. H3 subject allow students to study the subject at greater depth or in a more specialized area.
5. Students are allowed to **take a maximum of 2 H3 subjects**. Other than selected H3 research modules which are conducted in Term 2 of JC1, the other H3 subjects are taught in JC2. The school will select students who apply for non-research based H3 based on their performance at the JC1 Examinations.

C. Summary of Subject Combinations Offered in Hwa Chong

Please note that there is a **cap of 12 AUs (i.e. Academic Units) per student in their 2 years of study in Junior College.**

- Include compulsory subjects: H1 GP, PW & MTL (Total of 3 AUs) in computing total AUs.

No. of H2	No. of H1	No. of H3	Total AUs	Remarks
3	1	-	10	Minimum requirement (Norm in most JCs)
3	1	1	11	-
4	-	-	11	For most students in HCI
3	1	2	12	Only for exceptional students
4	1	-	12	Usually for students reading H2 CLL
4	-	1	12	Only for exceptional students
4	1	1	12	Only for students taking H2 CLL.
4	-	2	12	Only students reading H2 CLL will not have the MTL AU counted towards their total AUs. Note H2 CLL students need to read 1 more AU of CL related subjects.

Subject Combinations offered with KI

- Include compulsory subjects: H1 PW & MTL (Total of 2 AUs) in computing total AUs.

No. of H2	No. of H1	No. of H3	Total AUs	Remarks
4	-	-	10	Strongly advised
4	1	-	11	
4	-	1	11	
4	1	1	12	Only for exceptional students
4	-	2	12	Only for exceptional students
