	Computing (CP)	NA	*	NA	Must be offered with H2 Maths Students interested in taking Computing are required to sit for the selection test Students should attend the trial lesson offered during the IP activities/orientation before sitting for the selection test
--	----------------	----	---	----	---

Note:

H2 subjects with independent study / coursework component in JC 2. Students are advised NOT to take more than one subject with independent study / coursework component.

Due to resource constraints, the school may offer a particular subject only if there is sufficient demand for the subject.

B. Subject Requirements

1. Students must offer **at least 4 content based subjects**, 3 of which have to be at H2 level. The norm for most JC students is to offer 3 H2 and 1 H1 content based subjects. **At least one of the content based subjects must be of a *contrasting* discipline.**
2. A **contrasting** subject is a content based subject taken outside a student's main area of specialization. The contrasting subject that all students are required to take can be offered at H1 or H2 level. The subject **KI is a contrasting subject for both the Humanities & Arts, and Mathematics & Science.** For example, students doing 3 H2 Math/Science subjects could offer H1 Geography as a contrasting subject.
3. **All students must also offer GP, PW and MTL. GP and MTL offered at H1 level while PW is offered as a Pass/ Fail subject.**
4. H3 subjects are offered to students who are exceptionally strong and wish to pursue a subject or area in which they have the interest and aptitude. Students offering H3 subject must be prepared to manage a workload beyond the normal subject combination. To read a H3 subject, students **must be offering the same subject at the H2 level.** H3 subject allow students to study the subject at greater depth or in a more specialized area.
5. Students are allowed to **take a maximum of 2 H3 subjects.** Other than selected H3 research modules which are conducted from Term 2 of JC1, the other H3 subjects are taught in JC2. Students will be informed of the H3 application process after their JC1 Promotional Examination.
